

Gore Mutual earns CSIO Platinum Data Standards Award

We're proud to share that Gore Mutual has received a [CSIO Platinum Data Standards Award](#) as part of the 2026 Certification Ratings, based on our 2025 performance, recognizing our progress in strengthening digital connection across the industry and supporting better experiences for brokers and customers.

Behind this recognition is the work we're doing to modernize our systems and continue raising industry data standards, ensuring information is shared more consistently, accurately, and securely. The result: less manual work, fewer inconsistencies, and more reliable data flowing directly into your systems, helping you move faster and serve your clients more efficiently.

It's another step forward in delivering on our commitment to our broker partners, making it easier, faster, and more reliable to work together.
