Make the move to DASH: Gore is transitioning to DASH effective June 30

Since its launch last June, Driver and Auto Search History (DASH) has become the preferred auto insurance reporting tool for many of our broker partners. Now, **DASH is Gore Mutual's standard platform for accessing driver and vehicle history**. If you haven't already made the move to DASH, now is the time!

June 30 is your final deadline to get sponsored for DASH
All brokerages must be sponsored for DASH by June 30, 2025. If your brokerage has not yet completed the sponsorship process, you should do so immediately.

Apply for DASH sponsorship here.

DASH is a highly intuitive tool, offering a more efficient and streamlined experience. Many brokers across the market have already made the shift and are benefiting from:

- On-demand driver and vehicle reports
- Enhanced accuracy with customizable searches
- Complete policy, claim, and VIN history
- A smoother, faster quoting process

Already sponsored? Start using DASH now
Once a brokerage is sponsored, the expectation is that all brokers transition their workflow to DASH. AutoPlus will no longer be available after June 30. Don't delay—make the move to DASH now to ensure uninterrupted access to your auto insurance reports.
