

## Guidewire Cloud is now live

As of July 14, 2025, Gore Mutual has successfully migrated to the Guidewire Cloud Platform (GWCP), providing greater stability, enhanced security, and a stronger foundation to support your business over time. Please use the [new login link](#) to access the system.

Guidewire Cloud will support the continued evolution of how we work with you and enable us to better respond to the evolving needs of our customers.

### What to expect:

- **Minimal changes to your workflow** - the platform will look and feel familiar
- Your Business Development contact remains available to support you with any questions
- To support your transition to Guidewire Cloud, we've developed an eLearning module designed to walk you through the changes and requirements. You can access the module by logging into your [Gore University learning account](#) through the [Go Broker](#) platform

Thank you for your ongoing partnership and support.

If you have any questions, please reach out to your Business Development Representative.
