

Important changes to auto insurance accident benefits

Starting July 1, 2026, Ontario is introducing changes that will give your clients more options and control over their auto insurance coverage. Here's what you need to know:

- Some accident benefits will become optional. These include income replacement, non-earner benefits, caregiver benefits, lost educational expenses, expenses of visitors, housekeeping and home maintenance, damage to personal items, death benefits, and funeral benefits.
- Existing policies will automatically renew with current coverage unless changes are requested.

We are here to help you communicate these changes to your clients.

- For assistance, contact your business development representative.
